“ I went through school with "Althea Mae"and roomed with her during our first year at Auburn in Alumni Hall. Our funniest experience was with going out sorority week.Vam Cardwell (from Evergreen) talked us into entering our names. We finally decided to. Of course we did not attend of the functions as we were not interested in joining one. Well,the day came to pick up invitations. We went late over to Social Center and there were only 2 envelopes left on the table---hers and mine.We opened them and of course, we had no invites. We got so tickled that we had to sit on the steps of Social Center to get over our laughter.

I loved Althea;she was a great friend. I tried to call her Monday and got the answering machine; I did not leave a message; planned to call back .Lillian Darby called me and gave me the news. But now she is talking to Ned! And is happy!!

Much love to all of the family, Gene M McDonald
