“ I met Carrie when I started working at ok foods in 2019, and we hit it off, she helped me get whenever I needed advice in the Qa department! And my husband and her are kin and knew each other and we never had a crossed word. Carrie had recently reached out to me and said how I was an inspiration in ways because of how much I changed and started living my life for God and that made me feel soo amazing!! Carrie loved music and knew ever lyric to ever song! Especially classic rock! I will never forget her and every time I hear music 🎵 it will always be a memory. Rest in heaven 🙏 until we meet again 🙏

“ Carrie always had the sweetest sole. She always worried if someone was mad at her. My love from music comes from being at her house when we were younger. She always played Hobertas old albums. Some of my best memories. Love you and will miss you Carrie.
