Tribute Wall

KR

“ We always loved Charlotte Green Murphree. There were times when she and Taylor 3 yrs old and later on were like family when they lived at Overstreet in the house under the bridge. The last time I saw her may have been in spring of 2014- or 2015 when she was getting a post office box in port St. Joe and told me she was moving back here. I never saw her again and now see that she has gone to be with our Father in Heaven. We have missed her and her laugh.
