“ Danny was a special person to me although we spent very little time together. His guidance helped me greatly in my business and in a way changed my professional career future. He always had encouraging words and was concerned how you were doing in life and family. I always tried to stop in and see him at Adventure Island whenever we were in Orange Beach. I will miss those short little visits in the future. I know that everyone that knew him has no doubt how much Danny cared for you and how much he loved his family. He was a great example of how one should live their life.

“ I am heart-broken to think of the world losing Danny Elmore. He was my student during his junior year at Albertville High School. It was my first year to teach. That was about 43 years ago, but I have never forgotten Danny. Who could forget him? He had a great sense of humor and a ready smile. He also had a sweetness and a depth of character that are hard to describe. I have had many wonderful students, but Danny and Lisa were special to me and to my husband. They ate supper at our house one night during Christmas break of their junior year. We had a wonderful time. I have a vivid memory of those two fine kids sitting on our hearth. I have a photo I took of them sitting there. I will cherish it always, as I will the memory of a very special couple.

“ I am heart-broken to think of the world losing Danny Elmore. I have taught school for 43 years. He was one of my first students and I have never forgotten him. Who could? He was precious. I have had many wonderful students over the years, but Danny was my all-time favorite. He was not the stereotypical "teacher's pet." He was just a wonderful person with a great sense of humor and a ready smile. He and Lisa came to my house for supper during Christmas break in their junior year. We enjoyed that night so much. I have a vivid memory of them sitting together on our hearth. They were both so sweet. I loved them both.

“ 1974 Opening of the lodge at the state park, "Waiter" Danny Elmore, better known then as Hippo. Not quite finished high school yet but he was an excellent waiter and went on to bigger and better things. Such as marrying Lisa and creating a wonderful family with her. Earl and I were blessed to share so many years, so many good times with all of them. "Friends are the family you choose" and they became ours. I will miss my forever friend...forever.

May His comfort and peace surround you all as you navigate your grief journey. In time it is our hope that the happy memories you made as a family will replace any of the sad ones you all faced during Danny's battle with cancer. God bless you all!*

ME

“ *Danny was my brother. He was gentle, kind, compassionate and had a personality to go with it. He was very talented and succeeded at everything he chose to try to do. Heaven's gain is definitely our loss. We will meet again. Thanks my brother for sharing your life with me.*
