ME

“ Today is February 15,2014 and I miss you so much. Its been a few days past 6 months since you have gone and I miss you more & more each day Daddy. I am so sorry you suffered so silently all the while telling us you were getting better everyday. I have never seen anyone as bad of shape as you were in,not try to go to the Dr.'s to get help. I tried so hard to get you to go but I know you were just too sick :(Thank you for going the times you did in the beginning. I only pushed you because I love you and wanted you to feel better. I often feel bad because I nagged you about coming to live with me and us taking care of you. I guess you were holding on to the last Independence you had as a man. I understand Daddy...sorry I asked so much.Tell everyone up there,Hello for me. Well rest easy my guardian angel. p.s. I have been seeing a few blue birds..they were beautiful! Phillip & I love and miss you so very much. Your,
Sweet Melissa
