“ I have known Mr. Latham only a short while. He and his wife Ms. Patricia are wonderful persons. During our recent business process, they made me feel so special, and took extra time for our transactions. The love of family and friends from them, was so evident and conveyed so sweetly in our conversations. They took the extra effort to make me feel like part of their family. He and Ms. Patricia will always have a special place in my heart. Keeping them all in prayers.
