“ JJ was such a good person, he always knew how to make anyone smile. One thing I'll never forget is that when I was feeling like no one in the world wanted me here, he was there saying "Hey its okay, i'm here for you if anyone can't be" He made me feel like I had a purpose. I am so happy god put him here on the earth for the time he did. I know god needed another strong angel to help fight the wars. He will be missed dearly. I am so sorry for his family because they lost the one who could lighten up a room with just his smile. May he rest in peace.

“ JJ..he was a "Gentle Giant" he was big in statue, but he had a big heart, and a kind word for everyone.I had the privilege of having JJ as a student in after school care when he was in elementary school. He always wore a smile, he wanted everyone to get along in class,everyone. in outside play. Then when he was in 7th and 8th grade I once again had him as a student in library time..He was always trying to keep the other students quite and asking them to listen while in class. JJ was a special young man that will be dearly missed. My prayers are with the family, I know what its like to lose a child as I lost my daughter in 2021..There will always be a big void there. I pray for God to comfort them and give them peace.
