“ The thing I remember most about this sweet girl is her smile and laugh.. She would have the biggest smile on her face and her eyes would close almost and she would just cackle and giggle in the most joyful way that would never fail to make you crack a grin or join her in laughter, even if you weren't sure what was funny in the first place. She had a precious heart and kind soul that just radiated love. I wish more than anything I would have done more to keep in touch when our lives took us on different paths. I was blessed to have a best friend like her through my childhood and so many fun memories from back then have her in them. I will always look back on those with joy.. My prayers are with this precious family and I will always hold them close to my heart. I'm sure heaven is shining a little brighter, especially with that one of a kind laugh.
