“Daddy, my fondest memory of you is the day I came to you and told you that I was pregnant, I was so scared I thought that you were going to scream at me and disown me But you took me by my hand and told me not to worry that everything was going to be ok and you would do whatever it took to make sure that me and the baby (Branny Mae) would always be taken care of, I could see the hurt and disappointment in your eyes but you never let it show and you did exactly what you said you would do, you took care of the both of us until you were called back home, My children and I are blessed to have been the lucky ones Good chose to place into your life, There are thousands upon thousands of loving memories I have of you but that is the one that stands out among them all I love you Daddy, It's going to be so hard here without you
