My Dear Friend Paul. Such a great man. My years working around you at MMCN will always be a good memory as you were always so kind. But even later through St Williams Catholic Church we became friends with conversations after Mass and at your home when visiting or sharing meals. I'll always remember your speghettii sauce recipe! Thank you for your kindness and sharing your live for gardening.

To family of Paul. Great memories of Paul from KCU College of Osteopathic Medicine. He was a great student & friend. New he would be a great dr, husband, father & grandfather. I see that the love he gave others was reciprocated the final 20 years of his life. Not surprised he had a great family & support system.
