“ *So sorry I always like Tim. My dad was the bus driver and Tim, Donald Perkins , and I and many more would set in back of bus. We would take straws and do spit paper on people. Dad would ask me when we got home who did it I would say I didn't know. He would say your back there and don't see anything. Well hello I was in on it so I wasn't going to tell. We had to clean the bus on Saturday so I was going to clean why not get in on it. But Tim was all was nice to everyone and he loved his kids and his little man Conner .family may god be with you all.*
